The Above Values May Vary From Farm To Farm And Time To Time. Please Call To Discuss Any Ex Farm Or Delivered End User Prices. Not All Prices Available Maybe Shown Here.

Weather
 A trough line currently to our west should move over the area tomorrow possibly producing some storms as it passes. Thursday sees and upper level low over WQLD combining with a southerly change to produce good rain from SA to QLD. Storms should become more intense on Christmas day and move through the area before clearing on the 27th. Some models do show storms persisting through to the 30th.

 CBOT Wheat Move & AUD / T \$2.96
 The move reflects both the variation in nearby CBOT wheat futures in overnight trade and any change that may have occurred in the exchange rate between the USD & the AUD. Sometimes a move higher or lower in CBOT wheat futures may be countered by a move in the exchange rate, this will reflect such a move.
